Child Injured
On Street Here**

**PAIR HIT BY CAR
WHILE EN ROUTE
TO YULE PARTY**

Struck down by an automobile as she was en route to the annual Christmas party at the court house Saturday evening, Mrs. Beatrice Kelly, 59, of 742 Madison avenue, was instantly killed, and her grandson, James, 7, who had come from San Francisco to attend the fete, incurred a broken leg when he, too, was struck by the car.

Two other people, Mrs. Jean Kelly, mother of James, and another son, George, had been walking with the pair who were hit, but had managed to cross the busy street ahead of the others.

The car was driven by Miss Madeline Fretz, member of a prominent Mountain View family. Riding with her was John E. Preston of Palo Alto, former Stanford football star, who is now one of the operators of the Palo Alto airport and school of aviation.

The accident happened at the corner of Jefferson street and El Camino Real, at 6:30 p. m.

BODY CARRIED 57 FEET

Miss Fretz told Police Officers Henry J. Mengel and Harold J. Fitzgerald, who investigated, that she had been driving about 45 miles an hour before entering the intersections on El Camino Real. She didn't see the two pedestrians until they were right in front of her, she reported.

The body of Mrs. Kelly was carried 57 feet by the car, which skidded 17 feet before striking the woman, police measurements revealed.

Mrs. Beatrice Kelly, the widow of the late James H. Kelly of San Francisco, had lived here for the past nine months, making her home with her daughter, Mrs. Dudley C. Lawrence, and son, James M. Kelly. She was a native of Austin, Tex.

Two other sons, James R. and Orrin C. Kelly, both of San Francisco, and a granddaughter, Grace Lawrence of Redwood City, also survive.

**CITIES-COUNTY MERGER
FACING LEGAL BARRIER
UNDER EXISTING LAWS**

Complex legal obstacles and well-defined "local prejudices" stand in the way of the proposed unit system of government which would function for the 13 peninsula cities as well as the County of San Mateo, it was determined at the first meeting on the question in the Burlingame City Hall Tuesday night.

It was made equally clear at the meeting, however, that San Mateo county stands at the cross-roads and must be prepared in the near future to choose one of three options:

(1) Let matters stand as they are.

(2) Simplify San Mateo county government through elimination of duplicated services as proposed in the unit form of government.

(3) Annex to San Francisco and give up San Mateo county's identity.

This warning of the necessity of making one of the three choices came from Councilman Paul McCarthy, Redwood City, who said that public sentiment definitely favored reforms.

Because it was felt that an expression from the public should be had, Mayor Allan F. Hunt of Burlingame, who presided, entertained a motion that a mass meeting be set for the Burlingame City Hall on January 15 at 7:30 p. m., at which time governmental experts will be asked to address the gathering.

The motion was put by John W. Coleberd, South San Francisco city attorney, who voiced vigorous opposition to the proposed consolidated government, and was seconded by Mayor Asa Hull, San Carlos, who also said he failed to see where there would be any material advantages.

Councilman McCarthy offered an amendment that O. W. Campbell, assistant of the University of California Research Bureau, be asked to address the meeting. Campbell's services were offered in a letter to Hunt last night. He will not take sides in the question but will tell of advantages and disadvantages found in movements elsewhere.

Alvin Hatch, Half Moon Bay, and Mayor Hugh H. Smith, Daly City, both spoke against the cities-county form of government, expressing "beliefs that tax savings will be small. Hatch said he believed the present charter had sufficient elasticity to provide any desired changes. Gilbert Ferrell, district attorney-elect of San Mateo county, who was appointed to the committee by the board of supervisors as the legal representative of the county, without speaking for or against the plan, said that the task of working out the consolidated government was a huge one, and he believed he had "a big enough job as district attorney." He offered his assistance "within reasonable limits," however.

McCarthy, who described the new movement as a "counter irritant" to the annexation drive by San Francisco, saw no possibility of great savings in fire, police and street costs, but believed balancing advantages could be secured through reduction in the costs for city assessing, tax collecting and clerking.

Mayor Charles Lambert of Redwood City said he favored the study "if there is the possibility of saving the people some money."

Mayor Hull of San Carlos said he believed city councils were striving to cut costs to the minimum and knew the problems of their respective communities better than "outsiders," and voiced disapproval of "trying every new fad that comes up."

Coleberd said San Mateo county should not be "scared by the bugaboo to the north," referring to the swallowing up of the peninsula by San Francisco.

The South San Francisco attorney suggested that San Mateo, Burlingame and Hillsborough had an "ideal situation" for merging their governments, but said the desires of South San Francisco as contrasted to Atherton were too great to permit of their rule by a central government.

Coleberd declared "the fault is with the people in office, not the form," which was agreed to by William H. Eddy, Burlingame civic leader, whose views were asked by Mayor Hunt. Eddy warned that greater centralization of government at Sacramento was taking place and urged local reforms.

Mayor Smith of Daly City criticized the services required by the "high tone cities" and said that in Daly City, for instance, the 16 paid firemen "do not sit around and play checkers" but are put to work at other city tasks while awaiting fire alarms.

Mayor Chris Jordan of Belmont said he was not familiar enough with the subject to take a stand but declared that "right must not be lost" of the definite annexation movement.

City Attorney John Davis of Burlingame pointed out the legal barriers. He doubted that the consolidated government could be put into effect by the county without the consent of the cities. "The autonomy of cities cannot be dissolved by state or county," Davis said.

An amendment of the state constitution by the people to permit a county of San Mateo's size to form a unit system of government is also necessary, Davis said. Such a law has been ordered drawn by Assemblyman Frederick Peterson so that it will be ready if the people desire it.

Mrs. Ella Chase, Lomita Park, who was elected secretary of the committee and who was responsible for the present undertaking, warned that there is a well-concerted move for annexation and that something like this was the alternative.

Coleberd's motion to hold the mass meeting to sound out public sentiment came after two hours of debate.

Present from Redwood City were Mayor Lambert, Councilman Louis Christensen, Councilman McCarthy, City Manager Ernest Rolison and District Attorney-Elect Ferrell.

GETTING TOO MUCH ATTENTION

Vince Barnett (center) seems to be getting a lot of attention from Glenda Farrell (left) and Joan Blondell. This trio appears in "Kansas City Princess," playing at the Sequoia Theatre tonight and Saturday. Hugh Herbert and Robert Armstrong are also in the cast. "Back Page," a newspaper drama starring Peggy Shannon, is the second feature on the Sequoia bill.

**Kellogg to Pass
On All County
Relief Projects**

Several relief projects offered for approved Monday by the San Mateo County Relief Committee were held up by the board of supervisors pending scrutiny by County Executive Walter Kellogg.

Supervisor Albert Witt, Colma, said he believed this should be the regular procedure.

Among the projects offered today was one for \$2,850.50 for a Colma Creek Drainage project. Supervisor Witt objected to County Engineer James S. James' plan to use machinery instead of hand labor on the project.

Another project was for expenditure of \$32,039 on the Ralston avenue cut-off.

Local proposals included \$153 for clerical assistance at the Menlo Park and Ravenswood schools; \$180 for cafeteria assistants at the Central and Fremont schools, Menlo Park; \$144 for an assistant of clerk worker at the McKinley School; and \$180 for cafeteria assistants at the Central and Garfield Schools.

**BODY OF MAN
MISSING FOR 39
DAYS FOUND**

SOUTH SAN FRANCISCO, Dec. 5.—The body of Pasquale De Tomasi, 45-year-old unemployed ironworker who disappeared from his South San Francisco home under mysterious circumstances October 24, was found in a thicket off Sneath Lane, near Tanforan, yesterday.

The discovery was made by Lucetti Chatelin, 14, daughter of Pierre Chatelin of San Francisco, who was hunting mushrooms.

Following an autopsy performed this morning, the belief was expressed by Silvio Nieri, deputy coroner, that De Tomasi had committed suicide by taking poison. His wife had died a year ago last April, and it is thought that grief over her death, coupled with worry from unemployment, had prompted him to take his own life. Contents of his stomach were to be analyzed today.

The body, badly decomposed, was partially buried by leaves from trees in the ravine between El Camino Real and the Skyline boulevard, where it was found. The autopsy showed that De Tomasi had been dead about 39 days, which would place the time of his death shortly after he disappeared from his home.

A daughter, Mary, 13, who has been cared for by juvenile authorities, survives.

It is believed by officers the theft was committed by the same robbers who recently entered the home of J. M. Maitland, father of Lester Maitland, transpacific flier, and made off with a number of household articles.

**John Corcoran
Retires After
47 Years on Job**

John H. Corcoran, vice president and general manager of the Northern California area of the Pacific Telephone and Telegraph Co., retired today after 47 years of service.

Corcoran, of Burlingame, who advanced through the ranks to the position just vacated, began his telephone career as an office boy in San Francisco in 1887 when there were only 3,570 telephones in Northern California and about 300 telephone employees. Today the telephones number 603,000, and the employees 10,700.

Mark R. Sullivan, general traffic manager of the Northern California area of the company, succeeds Corcoran as vice president and general manager. Sullivan, who is 40 years of age, was born in Oakland, obtained his education in the public schools and, like Corcoran, also came up through the ranks, starting as clerk in 1912.

It takes you on a trip over the biggest poultry farm in the world devoted solely to feeding studies and management problems.

The Sperry Dealers have done the poultrymen of this community a real service in arranging for a free showing of this picture. Everyone interested in chickens is invited. The show will start promptly at 8 p. m.

THE JEWELRY you long ago discarded can be converted into a striking sum of money since the government advanced the price of pure gold from \$20.67 to \$35 an ounce. BUT—BE SURE TO GET AN MCH FOR YOUR OLD GOLD AND SILVER AS IT IS WORTH.

The discarded rings, watch cases, chains, cuff links, dental gold (discarded bridges, crowns, etc.) and a score of other articles contain when melted, a surprising amount of pure gold.

We paid \$19.97 for a lot of gold and silver for which another dealer paid \$10, but the smart little woman surmised that she didn't get full value and demanded the return of her articles.

Prominent Burlingame Matron Dies at Home

BURLINGAME, Dec. 4.—Mrs. Sojita Bultman, member of a family prominent in early California and wife of Chris Bultman, Standard Oil executive, died last night at her home here, following a short illness. Mrs. Bultman had been a resident of Burlingame for 10 years. She was prominent in Woman's Club and Parent-Teacher Association work. Her daughter, Barbara, is well-known as a musician. She is also survived by her

mother, Mrs. Lilly Branch Graves of San Francisco, widow of William Graves, prominent California attorney who died in 1902.

Her great-grandfather, William J. Graves, was a member of the constitutional convention of 1878, a member of the assembly, and later a member of the state senate. Another great-grandfather, Don Jose Jesus Pico, was a spectacular figure in the early history of the state, having worked with John C. Fremont when the latter was exploring the state.

Slip on Carpet Brings Lawsuit

Because a small rug on the polished floor of her host's home slipped out from under her, throwing her to the floor, Dorothy Engle today filed suit in superior court here for \$15,000 damages from Mr. and Mrs. Fred H. Drake of San Carlos, alleging that she has suffered a permanent hip injury as a result of the fall.

Death Case Verdict Is 'Unknown Causes'

SOUTH SAN FRANCISCO, Dec. 4.—A verdict of death by unknown causes was returned today by a coroner's jury investigating the death of Pasquale De Tomasi, 45-year-old unemployed ironworker whose body was found near Tanforan yesterday.

De Tomasi had been missing since October 24. His daughter, Mary, 13, is being cared for by juvenile authorities. The mother is dead.

Suspicion that De Tomasi had poisoned himself could not be investigated, authorities said. His stomach was so badly decomposed that analysis to find trace of poison was said to be impossible.

High Tension Wires Endanger Hundreds

SAN MATEO, Dec. 5.—Light and power service in San Mateo were broken off early today when heavy winds brought down a pole carrying high voltage wires. The wires fell across El Camino Real near Bell street, interrupting traffic for several hours.

Six poles in all were brought down, and wires for several hundred feet were strewn dangerously along the highway. Highway patrolmen took charge, detouring traffic until the damage could be repaired.

No one was hurt, luckily, although death might have resulted if anyone had come in contact with the high tension current.

GOOD FOR A WHOLE YEAR

DON'T let a single day go by without getting your share of this bargain value in electricity. Thousands of our customers throughout Northern California are doing it. Make sure you, too, will get a full year's share of EXTRA Electricity at HALF COST.

Fill your empty light sockets with new lamp bulbs.

Put idle electric appliances to work again.

Keep broom and dustpan in the closet and use the vacuum cleaner for all your sweeping and cleaning.

Lay aside the washboard and let the electric washer do your washing for only a few pennies a week.

That's one way ½

Off EXTRA Electricity can serve you. By using the appliances you now have a little more during the coming year than last year.

And, of course, every new appliance you buy that means the use of an added amount of electricity each month from now on may be operated at half regular cost. Make the most of it.

See how cheap this EXTRA Electricity really is. For example: You can have electric refrigeration for only 80¢ a month. You can have automatic electrically heated water for \$1.80 a month and an electric range can operate for as little as \$2.50 a month. ½ Off on EXTRA Electricity is a real bargain. Make the most of it. Get a full year's share.
